Section 2: MISSION & COMMUNITY SERVED

Mission Statement: The Morrison is a caring, compassionate, resident-centered community. We commit to empowering our residents, their loved ones and our staff in achieving their optimal well-being in a quality home-like setting, expressed by mutual respect and trust.
Has the Mission Statement been reaffirmed in the past year (RSA 7:32e-1)? Yes

Please describe the community served by the health care charitable trust. "Community" may be defined as a geographic service area and/or a population segment.

Service Area (Identify Towns or Region describing the trust's primary service area):
The Morrison's primary service area is Coos County, Upper Grafton and Carroll Counties, a few Vermont towns to the west.

Service Population (Describe demographic or other characteristics if the trust primarily serves a population other than the general population):

The Morrison is a non-profit organization that provides nursing services for elderly and disabled people who are unable to remain in the community because of mental and/or physical disabilities. This 81-bed facility employs 80 full-time staff persons and 25 part-time or per diem staff. The nursing home/skilled nursing level of care has 57 beds, while the assisted living level of care has 24 beds and provides 24/7 nursing services. The assisted living unit provides 24/7 care for more active elderly who require less assistance.

Morrison is Medicaid, Medicare and Veterans Administration (VA) certified. As such, it receives patients from local, regional and New Hampshire and Vermont VA hospitals. Many of these patients are admitted to Morrison for skilled rehabilitation services and then are able to transition back to their community dwelling. Some elderly who are admitted to Morrison will require nursing home services for the rest of their lives. Perhaps the greatest service Morrison provides is a place for families to have their loved-ones cared for in the North Country. Morrison is the only Veterans "approved" nursing home north of Plymouth, and although Morrison accepts private pay residents, 60% of the resident population has Medicaid as their primary payer for services.

Morrison makes available the following services to residents: Round the clock nursing care from licensed and registered nurses and licensed nursing assistants, "Skilled" and "intermediate" nursing services, three nutritious meals and three healthy snacks each day (choice offered), group and individual activities daily including music programs and weekly religious services, recreational therapy, physical, occupational, and speech therapies, mental health services, in-house physician services including, choice of physician, podiatrist, psychiatrist, dentist, optometrist, pharmacy and dietician services, social services, beautician and barber services, elderly daycare/respite, private space to meet with family/ies. The Morrison has five star rating from the Center of Medicare and Medicaid Services and is the recipient of the American Health Care Association Bronze Award.
